

# Server

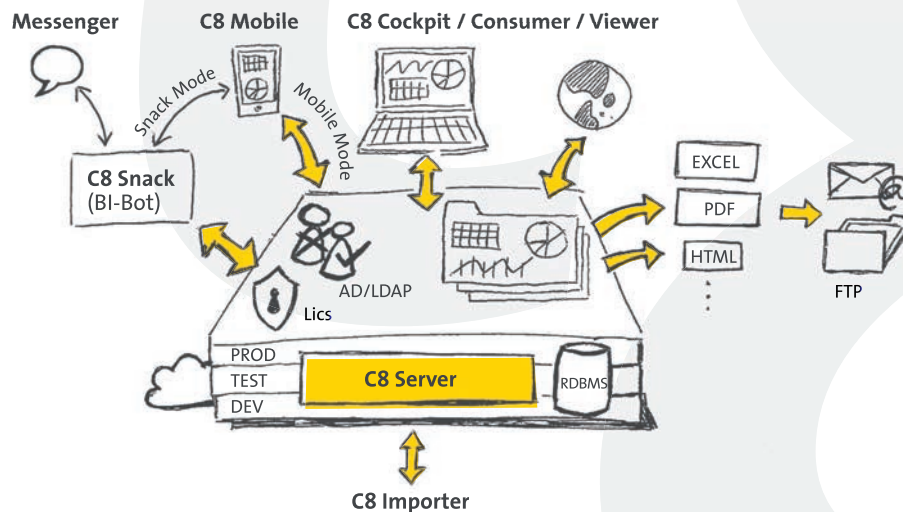

Distribution

Data governance

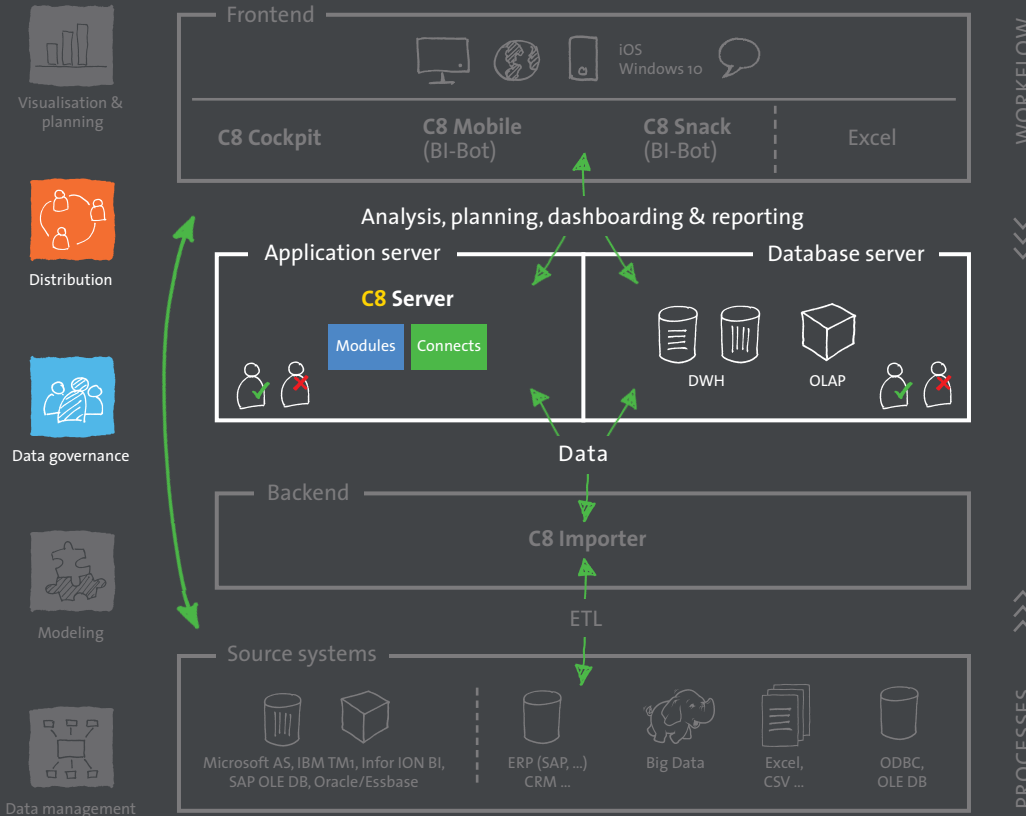

## The core system in the Cubeware Solutions Platform C8

- Central repository for all Cubeware frontend- and backend tools (Reporting and Data Management)
- Central administration tool
- Instances run using a distributed local and/or cloud model
- Infinitely scalable – the server grows to match your business requirements
- User and authorisation model, customisable
- Automated report distribution (who, how, when, where to)
- Collaboration in the planning, reporting and analysis process

# CSP C8

## Scalable BI solutions for all requirements!

Our powerful BI platform CSP C8 adapts flexibly to your requirements and source systems:
