

CW1 Database

powered by IBM & CSP C8

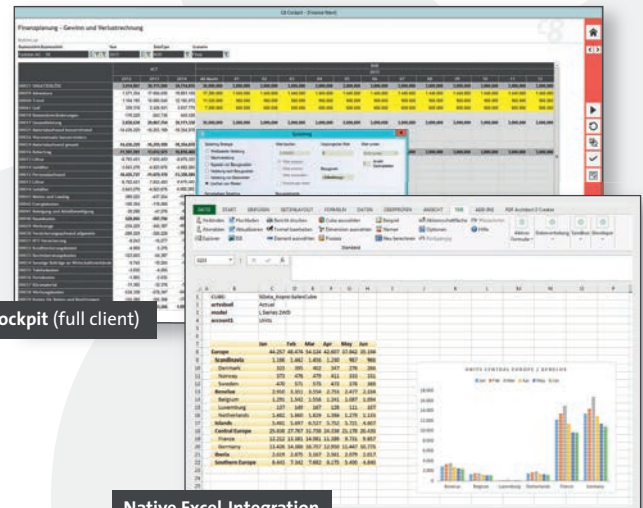

cubeware

The perfect combination for corporate performance management

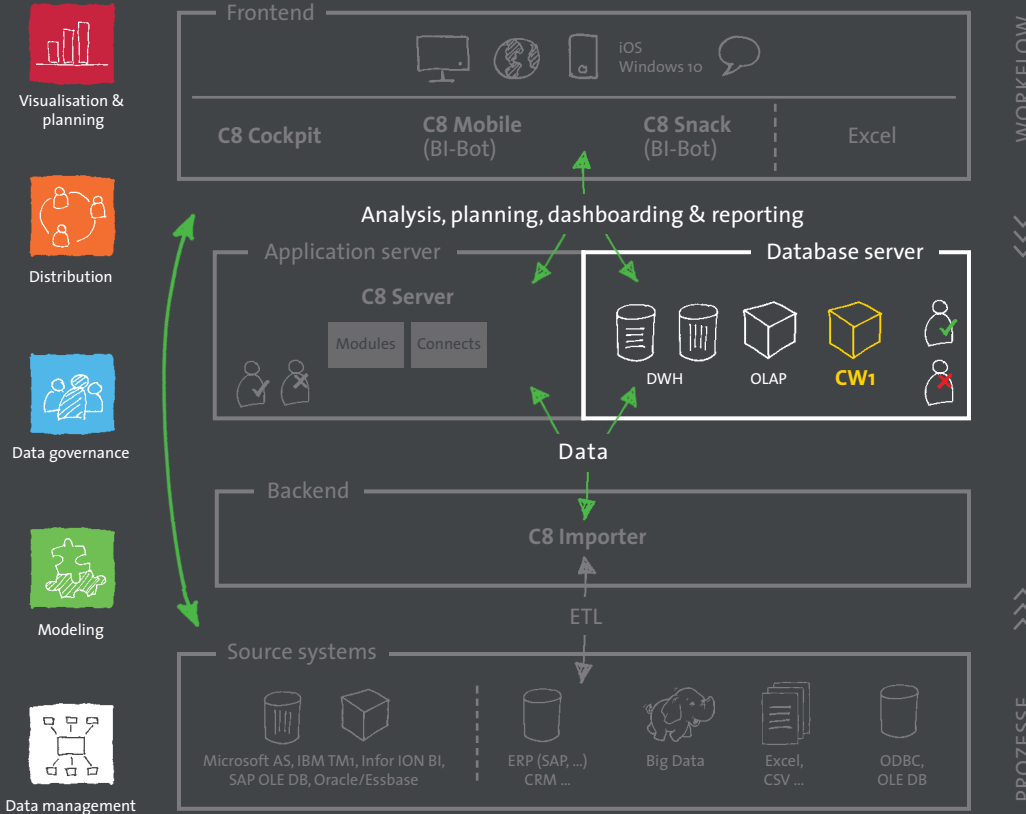

The CW1 Database powered by IBM gives you the most powerful multi-dimensional database with the Cubeware Solutions Platform C8 for corporate-wide analysis, planning, reporting and simulation applications in a perfect combination. Implement custom-fit CPM projects.

- **Unbeatable performance for the price**
No additional database licenses, no third-party costs, simple, flexible licensing model suitable for small and medium-sized businesses.
- **Fully integrated**
Analysis, planning, reporting and simulation application all in one data model. No information silos – no fragmented applications.
- **Free choice of front end for planners**
Full client, web client, mobile client & native Excel integration.
- **Seamless scalability**
From planning solutions in specialist departments to integrated financial planning.
- **Designed for read-only and read/write access**
Analysis, planning, reporting & simulation with just one system. Budget v. actual analysis in a single application.
- **In-memory operation**
No time-consuming disk access required. Aggregation & calculation of key figures at run time. Up to 5 million rows per second (load speed).
- **Close to the users**
Excel-like, functional model.
- **Sustained development**
Tried and tested, powerful MOLAP database technology.
- **Rapid model customisation**
Structural changes in real time. Configurable cell protection.

CSP C8

Scalable BI solutions for all requirements!

Planning with full BI functionality

- Coordinated planning with individual workflows, ad hoc simulation & simple data capture
- Collaboration and security in the planning and reporting process through C8 Server
- Integration of relational & multi-dimensional data in all analysis, planning & reporting applications through C8 Importer
- Native Excel integration
- Application capability, simulation & workflows through C8 Cockpit

Your Cubeware Partner:

Cubeware helps you consolidate all of your relevant data and information and make it available any time – online or offline – to as many users as possible and in the format they need for decision-making. For management staff and process owners. Over 4,000 customers have entrusted their projects to Cubeware. Read about their many successes for yourself by visiting us.cubeware.com/success-stories

Make decisions!
